

CONTENTS

PART ONE – INTRODUCTION

Chapter-1

The Nature and Scope of Macroeconomics

Introduction
Nature of Macroeconomic
Difference Between Microeconomics and Macroeconomics
Dependence of Microeconomic Theory on Macroeconomics
Dependence of Macroeconomics on Microeconomic Theory
Macro Statics, Macro Dynamics And Comparative Statics
Transition from Microeconomics to Macroeconomics
Stock and Flow Concepts
Selected Readings
Exercises

PART TWO – NATIONAL INCOME

Chapter-2

National Income : Meaning and Measurement

Introduction
Definitions of National Income

Concepts of National Income
Methods of Measuring National Income
Difficulties or Limitations in Measuring National Income
Importance of National Income Analysis
Inter-Relationships Among Different Concepts of National Income
Exercises

Chapter-3
Economic Welfare and National Income

What is Economic Welfare ?
Relation between Economic Welfare and National Income
National Income as a Measure of Economic Welfare
Selected Readings
Exercises

Chapter-4
National Income Accounting

Social Accounting
Components of Social Accounting
Input-Output Accounting
Flow of Funds Accounts
Difference between Flow of Funds Accounts and National Income Accounts
Balance of Payments Accounts
Is Balance of Payments always in Equilibrium?
Measuring Deficit or Surplus in Balance of Payments
Selected Readings
Exercises

Chapter-5
The Circular Flow of Income

Meaning
Circular Flow in a Two Sector Economy
Circular Flow in a Three-sector Closed Economy
Adding Foreign Sector : Circular Flow in a Four-sector Open Economy
Importance of the Circular Flow
Exercises

PART THREE – MACROECONOMIC THEORY

Chapter-6
The Classical Theory of Employment

Introduction
The Classical Theory of Employment

Complete Classical Model – A Summary
Keynes's Criticism of Classical Theory
Selected Readings
Exercises

Chapter-7
Say's Law of Market

Say's Law
Propositions and Implications of the Law
Criticisms of Say's Law
Exercises

Chapter-8
The Principle of Effective Demand : Aggregate Demand and Aggregate Supply

Introduction
Effective Demand
Importance of Effective Demand
Selected Readings
Exercises

Chapter-9
The Consumption Function

Introduction
Meaning of Consumption Function
Properties or Technical Attributes of the Consumption Function
Keynes's Psychological Law of Consumption
Implications of Keynes's Law (or Importance of the Consumption Function)
Determinants of the Consumption Function
Measures to Raise the Propensity to Consume
Selected Readings
Exercises

Chapter-10
Theory of the Consumption Function

Introduction
Keynes' Consumption Function : The Absolute Income Hypothesis
The Consumption Puzzle
The Drift Theory of Consumption
The Relative Income Hypothesis
The Permanent Income Hypothesis
The Life Cycle Hypothesis
Selected Readings
Exercises

Chapter-11
The Investment Function

Meaning Of Capital And Investment
Types of Investment
The Present Value (PV) Criterion of Investment
Determinants Of The Level Of Investment
Factors Other Than The Interest Rate Affecting Inducement To Invest
Exercises

Chapter-12
The Concept of Multiplier

Introduction
The Investment Multiplier
The Dynamic or Period Multiplier
The Employment Multiplier
Selected Readings
Exercises

Chapter-13
Complex Multipliers

Introduction
Government Expenditure Multiplier
Tax Multipliers
Balanced Budget Multiplier
Exercises

Chapter-14
Foreign Trade Multiplier

Meaning
Foreign Repercussion or Backwash Effect
Implications of Foreign Repercussion
Selected Readings
Exercises

Chapter-15
The Principle of Acceleration and the Super Multiplier

Introduction
The Principle of Acceleration
The Super-Multiplier or the Multiplier-Accelerator Interaction
Use of Multiplier-Accelerator Interaction in Business Cycles
Selected Readings
Exercises

Chapter-16
Some New Theories of Investment

Introduction
The Accelerator Theory of Investment
The Flexible Accelerator Theory or Lags in Investment
The Profits Theory of Investment
Duesenberry's Accelerator Theory of Investment
The Financial Theory of Investment
Jorgensons' Neoclassical Theory of Investment
Tobin's q Theory of Investment
Selected Readings
Exercises

Chapter-17
The Saving Function

Meaning of Saving Function
Determinants of Savings
The Paradox of Thrift
Exercises

Chapter-18
Saving and Investment Equality

The Classical View
The Keynesian View
Other Views
Selected Readings
Exercises

Chapter-19
The Model of National Income Determination

Introduction
Two-Sector Model
Three Sector Model
Four Sector Model : Income Determination In Open Economy
Exercises

Chapter-20
The Keynesian Theory of Income, Output and Employment : A Summary

Introduction
The Keynesian Theory of Income, Output and Employment
Selected Readings
Exercises

Chapter-21
The Classical Vs. Keynesian Models of Income and Employment

General Theory: Evolutionary or Revolutionary
Criticisms of Keynesian Theory
Selected Readings
Exercises

Chapter-22
Unemployment and Full Employment

Introduction
Types of Unemployment
Meaning of Full Employment
Measures to Achieve and Maintain full Employment
Exercises

Chapter-23
Applicability of Keynes's Theory to Underdeveloped Countries

Introduction
Keynesian Assumptions and Underdeveloped Countries
The Keynesian Tools and Underdeveloped Countries
Selected Readings
Exercises

PART FOUR – MONETARY THEORY

Chapter-24
Money

Nature and Definition of Money
Theoretical and Empirical Definitions of Money
Money and Near Money
Inside Money and Outside Money
Neutrality and Non-Neutrality of Money
Functions of Money
Selected Readings
Exercises

Chapter-25
Changes in the Value of Money : The Quantity Theory of Money and its Variants

Meaning of Value of Money
Fisher's Quantity Theory of Money: The Cash Transactions Approach

The Cambridge Equations : The Cash Balances Approach
Transactions Approach Vs. Cash Balances Approach
Superiority of Cash Balances Approach over Transactions Approach
Exercises

Chapter-26

The Keynesian Theory of Money and Prices

Introduction
Keynes's Reformulated Quantity Theory of Money
Superiority of the Keynesian Theory Over the Traditional Quantity Theory of Money
Criticisms of Keynes' Theory of Money and Prices
Exercises

Chapter-27

Friedman's Restatement of the Quantity Theory of Money

Introduction
Friedman's Theory
Friedman Vs Keynes
Exercises

Chapter-28

The Supply of Money

Definitions of Money Supply
Determinants of Money Supply
High-Powered Money and the Money Multiplier
Measures of Money Supply in India
Money Supply and Liquidity
Derivation of Money Multipliers
Exercises

Chapter-29

Credit Creation by Commercial Banks

Do Banks Create Credit ?
The Process of Credit Creation
Limitations on The Power of Banks to Create Credit
Exercises

Chapter-30

Central Banking : Functions and Credit Control

Introduction
Definition of a Central Bank
Functions Of A Central Bank

Central Bank as The Controller of Credit
Exercises

Chapter-31
The Monetarist Revolution

Meaning
Main Features
Criticisms
Exercises

Chapter-32
The Demand for Money

Introduction
The Classical Approach
The Keynesian Approach : Liquidity Preference
The Post-Keynesian Approaches
Exercises

Chapter-33
Theories of Interest Rate

Introduction
The Classical Theory of Interest
The Loanable Funds Theory of Interest
Keynes's Liquidity Preference Theory of Interest
Indeterminacy of the Classical, The Loanable Funds and The Keynesian Theories of Interest
Modern Theory of Interest
Natural and Market Rate of Interest
Exercises

Chapter-34
Term Structure of Interest Rate

Meaning
Factors Determining the Term Structure of Interest Rates
Theories of Term Structure of Interest Rates
Exercises

Chapter-35
The Real Balance Effect and Pigou Effect

Patinkin's Integration of Monetary Theory and Value Theory : The Real Balance Effect
The Pigou Effect
Differences Between Pigou Effect and Real Balance Effect

Exercises

Chapter-36

Wage-Price Flexibility and Full Employment

Introduction
The Classical View
The Keynesian View
The Keynes Effect
Flexible Wage Policy vs Flexible Monetary Policy
Selected Readings
Exercises

PART FIVE – INFLATION AND BUSINESS CYCLES

Chapter-37

Inflation and Deflation

Introduction
Meaning of Inflation
The Inflationary Gap
Demand-Pull or Monetary Theories of Inflation
Cost-Push Inflation
Demand-Pull Versus Cost-Push Inflation
Mixed Demand-Pull Cost-Push Inflation
Sectoral or Demand-shift Inflation
Structural Inflation
Markup Inflation
Open and Suppressed Inflation
The Phillips Curve : The Relation between Unemployment and Inflation
Rational Expectations and Long-Run Phillips Curve
Policy Implications of the Phillips Curve
Stagflation
Causes of Inflation
Measures to Control Inflation
Effects of Inflation
Inflation as a Tax
Costs of Inflation
Deflation
Comparison between Inflation and Deflation
Control of Deflation
Exercises

Chapter-38
Business Cycles

Meaning
Types of Business Cycles
Characteristics of Business Cycles
Phases of a Business Cycle
Causes of Business Cycles
Effects of Business Cycles
Theories of Business Cycles
Measures to Control Business Cycles or Stabilisation Policies
Selected Readings
Exercises

PART SIX – GROWTH MODELS

Chapter-39
The Harrod-Domar Models

Introduction
Requirements of Steady Growth
The Domar Model
The Harrod Model
Limitations of these Models
Exercises

Chapter-40
The Solow Model of Growth

Introduction
Assumptions
The Model
Exercises

Chapter-41
The Solow-Swan Model of Economic Growth

The Solow-Swan Model
Implications of the Model
Exercises

Chapter-42
The Endogenous Growth Theory

Introduction
The Endogenous Growth Models

Policy Implications of Endogenous Growth Theory
Exercises

Chapter-43
Steady State Growth

Meaning
Properties of Steady State Growth
Exercises

Chapter-44
The Golden Rule of Accumulation

Meaning
Golden Age and Golden Rule of Accumulation
Exercises

PART SEVEN – MACROECONOMIC POLICIES

Chapter-45
Macroeconomic Policy

Meaning
Policy Targets and Instruments
Objectives of Macroeconomic Policy
Conflicts or Trade-Off in Policy Objectives
Problem of Coordination of Macroeconomic Policy Objectives
The Swan Model
The Assignment Problem : The Mundellian Model
Rules vs Discretion in Economic Policy
Lags in Effects of Economic Policy
Selected Readings
Exercises

Chapter-46
Monetary Policy

Meaning of Monetary Policy
Objectives or Goals of Monetary Policy
Instruments of Monetary Policy
Expansionary Monetary Policy
Restrictive Monetary Policy
Exercises

Chapter-47
Classical, Keynesian and Modern Views on Monetary Policy

The Classical View
The Keynesian View
The Modern View
Exercises

Chapter-48
The Liquidity Theory of Money

Introduction
The Radcliffe Committee View : Radcliffe - Sayers Thesis
The Gurley-Shaw View
Exercises

Chapter-49
Fiscal Policy

Meaning
Objectives Of Fiscal Policy
Instruments of Fiscal Policy
Crowding out and Fiscal Policy
Exercises

Chapter-50
Monetarism versus Keynesianism

Introduction
Theoretical Differences
Policy Differences
Conclusion
Exercises

Chapter-51
IS and LM Functions : General Equilibrium of Product and Money Market

Introduction
The Product Market Equilibrium
The Money Market Equilibrium
General Equilibrium of Product and Money Market
Changes in General Equilibrium
Exercises

Chapter-52

Extensions of IS-LM Model

Introduction
Effects of Changes in Monetary and Fiscal Policies by the Government
Effects of Changes in Fiscal Policy
Monetary-Fiscal Policy Mix
IS-LM model with Labour Market and Flexible Prices
IS-LM Model with Flexible Wages and Prices : The Neo-Classical Analysis
IS-LM Model in the Keynesian Analysis with Flexible Prices and Fixed Money Wages
Selected Readings
Exercises

Chapter-53

Effectiveness of Monetary and Fiscal Policy

Introduction
Monetary Policy
Fiscal Policy
The Synthesist View : Three Range Analysis
Monetary Policy
Fiscal Policy
Monetary-Fiscal Mix
Exercises

PART EIGHT – MODERN MACROECONOMICS

Chapter-54

The Rational Expectations Hypothesis

Introduction
Adaptive Expectations
Rational Expectations
Selected Readings
Exercises

Chapter-55

Supply-side Economics

Introduction
Main Features of Supply-side Economics
Policy Prescriptions of Supply-side Economics
Selected Readings
Exercises

Chapter-56
The New Classical Macroeconomics

Introduction
The New Classical Macroeconomics
The Labour Market
Policy Implications of New Classical Macroeconomics
Empirical Evidence
Selected Readings
Exercises

Chapter-57
The Real Business Cycle Theory

Introduction
Role of Technological Shocks
Criticisms of the Real Business Cycle Theory
Selected Readings
Exercises

Chapter-58
New Keynesian Economics

Introduction
Differences between New Classical and New Keynesian Macroeconomics
Main Features of New Keynesian Economics
Sticky Nominal Wages
Sticky Nominal Prices : Menu Costs Hypothesis
Sticky Real Wages
Coordination Failure
Policy Implications of New Keynesian Economics
Criticisms of New Keynesian Economics
Selected Readings
Exercises

PART NINE – MACROECONOMICS IN OPEN ECONOMY

Chapter-59
Balance of Payments : Meaning and Components

Meaning
Structure of Balance of Payments Accounts
Is Balance of Payments Always in Equilibrium ?
Measuring Deficit or Surplus in Balance of Payments
Balance of Trade and Balance of Payments

Disequilibrium in Balance of Payments
Measures to Correct Deficit in Balance of Payments
Exercises

Chapter-60

Adjustment Mechanisms of Balance of Payments

Introduction
Automatic Price Adjustment Under Gold Standard
Automatic Price Adjustment Under Flexible Exchange Rates (Price Effect)
The Elasticity Approach
The Absorption Approach
The Monetary Approach
Exercises

Chapter-61

Balance of Payments Policies : Internal and External Balance

Introduction
Expenditure Changing Monetary and Fiscal Policies
Monetary-Fiscal Mix : Internal and External Balance Policies – Mundell-Fleming Model
Monetary and Fiscal Policies for Achieving Internal and External Balance
 Simultaneously – Swan Model
The Assignment Problem : The Mundellian Model of Monetary-Fiscal Policies for
 Internal and External Balance
Expenditure Switching Policies
Exercises

Chapter-62

Foreign Exchange Rate

Meaning of Foreign Exchange Rate
Determination of Equilibrium Exchange Rate
Theories of Foreign Exchange Rate
Causes of Changes in the Exchange Rate
Exercises

Chapter-63

Foreign Exchange Rate Policy

Introduction
Fixed Exchange Rates
Flexible Exchange Rates
Hybrid or Intermediate Exchange Rate Systems
Multiple Exchange Rates System
Exchange Rate Regimes in Practice
Exercises
